

Sound Engineer – 2021 Summer Festival

In July 2021, Delaware Shakespeare will produce a three-event Summer Festival at Rockwood Park. Produced with small casts, condensed run times, minimal tech needs, and socially-distanced audiences, the events aim to serve as transition programming before Del Shakes returns to full productions in a hopefully COVID-free 2022.

Del Shakes seeks a Sound Engineer to carry out live audio mixing of the '21 Festival events.

On-site work dates will be between July 11-August 2. Tech calendar can be found [HERE](#).

Sound Engineer duties will include, but not be limited to:

- Confer with Sound Designer on all matter relevant to the acquisition, set-up, and operation of sound equipment.
- Lead daily set-up and strike of sound equipment.
- Run sound board during performances.
- Maintenance/care of mic packs, mic elements, and batteries.
- Report regularly to Production Manager and Stage Manager.
- Comply with established COVID protocols.
- Support and participate in Del Shakes' culture of antiracism.

FEE: \$1,200 – paid as independent contractor

COVID protocols are available to be shared with interested candidates.

Send resume and email of interest to jobs@delshakes.org
